

Name:

BRAVO Project

After Grade 6 students have completed the BRAVO program with police representative Mary Repta, they will be asked to show their understanding by completing one of the following assignments to go toward their Health mark. The assignment will be **done for homework** and should be handed to Mrs. Becke by February 28.

Students may work alone or in small groups (2-3 students) for this assignment. Please note that students working in a group will need to fill out a Group Work Rubric and will have to arrange time to do the project together outside of class.

Note: Lateness will result in a subtraction of 5% per day from the final grade. For example, a project handed in 2 days late will have 10% deducted.

OPTION A: Essay. Students are to write a 1.5-2 page essay (double spaced, size 12 font) about one of the topics discussed during the BRAVO program. The essay can be informative (giving only information about the topic) or personal (wherein students may talk about their opinions on a given topic).

OPTION B: Presentation. Students are to create a PowerPoint or KeyNote presentation about one of the topics discussed during the BRAVO program. This presentation should be 2-4 minutes long. Students should act like they are teaching the topic to the class and will present on the due date.

OPTION C: Poster. Students are to create a poster to inform others about one of the topics discussed during the BRAVO program. The poster should combine both artistic elements as well as written elements in order to convey information.

This project will be marked out of 20. If there are any questions regarding the instructions, please feel free to contact Mrs. Becke!
