

Dear Mustang Families,

Schools are successful when they help children grow academically, socially, and emotionally. Therefore, we are pleased to inform you of our new Positive Behavior Intervention Support Plan (PBIS). We will be implementing this school-wide plan to improve consistency in expected behaviors, which will result in students being ready and prepared to learn.

We will accomplish this plan through a rodeo theme. We have created behavior expectations using the following acronym:

- R**espect Others
- O**rganized and Ready
- D**emonstrate a Positive Attitude
- E**ngaged
- O**wn My Actions

Students will learn more about these expectations through classroom lessons, modeling, and practice. Students will continue to earn class dojo points based on the RODEO expectations.

Celebrations will be held to acknowledge the students who meet set 9-week goals. On August 21st, we will kick off the school year with a "Rodeo Round-Up." This will be a fun school day activity in which students can dress in cowboy/cowgirl attire. Your child's teacher will send home additional information as the day approaches.

HOWDY, PARDNER!
