Mythbusting Extra Credit Assignment:

Go online and find a myth from the mythbusters. You can find episodes on youtube, PBS, Netflix, Hulu, etc. Answer the following questions about the myth you watched

1. What Myth are you watching?
2. What is the Null hypothesis for this myth?
3. Describe the design for this study IN DETAIL. How are they going to test? What are they doing to make sure they make the most reliable test possible?
4. Did they have to run the test a second time? If they did, what did they change and why?
5. What was their final analysis?
6. Did you like this myth? Why or why not?
7. What ideas from this myth could you use for your project?
