## Articulation/Phonology

- **Lakeshore Hop-Along Balls:** Hop-Along Balls are big on bounce perfect for use indoors or outside on the grass. The balls feature easy-grip handles ...and they're flexible. Balls are easy to inflate and deflate with our WC216 Inflator. Available in 3 sizes. Prices \$14.99-19.99 at [www.lakeshorelearning.com](http://www.lakeshorelearning.com)
- **Monkey Business Sports Bungee Jumper:** Good for in-door and outdoor use. No inflation. \$21.19 at [www.amazon.com/Monkey-Business-Sports-Bungee-Jumper/dp/B00000J590/ref=pd\\_sim\\_t\\_3](http://www.amazon.com/Monkey-Business-Sports-Bungee-Jumper/dp/B00000J590/ref=pd_sim_t_3)
- **Locotour Articulation Computer Software:** Excellent way to have kids practice sounds and to get immediate feedback. Students record themselves saying targeted sounds, words, or sentences. Covers most speech sounds. Starts around \$99. [www.learningfundamentals.com/products/product.php?id=3](http://www.learningfundamentals.com/products/product.php?id=3)
- **Quia Website:** Great website for articulation practice in therapy or at home. Free! [www.quia.com/pages/havemorefun.html](http://www.quia.com/pages/havemorefun.html)
- **Bussongs Website:** Great website for nursery rhymes, lyrics, and music. Free! [www.bussongs.com/nursery\\_rhyme\\_songs.php](http://www.bussongs.com/nursery_rhyme_songs.php)
- **Music in Your Mouth Music CD for Articulation:** Order the CD with the song 'Randy the Orangutan' and others. [www.shop.childreninc.org/music-mouth-c-26.html](http://www.shop.childreninc.org/music-mouth-c-26.html)
- **Music for learning by Jack Hartman.** Hip songs for kids on the elementary curriculum. Great songs for to be used for phonemic awareness! [www.jackhartmann.com](http://www.jackhartmann.com)
- **Express Train:** Music CDs that specifically target speech and language skills and made by an SLP. Best for preschool type of skills. Start at around \$30. [www.expresstrain.org/products.htm](http://www.expresstrain.org/products.htm)
- **LIPS: The Lindamood® Phoneme Sequencing Program for Reading, Spelling, and Speech-Third Edition:** Updated effective phonemic-awareness program. [www.pearsonassessments.com](http://www.pearsonassessments.com)
- **Pigs Mania Dice Game:** Great game for /s, r/ sound articulation practice. Kids roll pigs and earn points with different configurations including 'sider, razorback, hooper, jowler, pigs out, and snouter'. Around \$10 [www.amazon.com/Winning-Moves-1046-Pass-Pigs/dp/B00005JG3Y/ref=sr\\_1\\_2?ie=UTF8&qid=1287256414&sr=8-2](http://www.amazon.com/Winning-Moves-1046-Pass-Pigs/dp/B00005JG3Y/ref=sr_1_2?ie=UTF8&qid=1287256414&sr=8-2)
- **Kids' Book of Questions** by Gregory Stock Good book for conversational level of articulation, language-based critical thinking, and self-expression goals. <http://barnesandnoble.com>
- **Dr. Seuss Books:** Easier books are good for facilitating speech and rhyming skills needed for later reading ('Mr. Brown Can Moo Can You?' 'My Many Colored Days', 'Hand, Finger, Thumb'). More difficult books by Dr. Seuss are also great for vocabulary development and higher level thinking skills. Believe it not, many Dr. Seuss books have sophisticated meanings behind the stories ('The Lorax', 'Horton Hears a Who', 'The Sneetches' and 'Butter Battle Book') <http://barnesandnoble.com>

- **I Can Read Series, Scholastic Series, and Step into Reading Series books:** Can be bought at Target, Barnes and Noble, and ordered on on-line. I have books from each publisher and I like them because the reading level is clearly marked and they can be shorter than a textbook chapter. I use these a lot with kids at the secondary level for supplemental units in science and social studies. Around \$1-2 each. <http://barnesandnoble.com>
- **Visual Phonics Seminar:** Effective strategies for teaching phonemic awareness. Works super well with kids who are seen for articulation and apraxia, i.e. pairing motions with sounds. I've used it with my secondary students too!
